

Bring Your Own Tokens (BYOT)

Steps to Create an OpenAI API Key

Step 1: Go to OpenAI's Platform

- Visit: <https://platform.openai.com/>

Step 2: Sign In / Sign Up

- Click **Sign In/ Log In** if you already have an OpenAI account.
- Click **Sign Up** to create a new account if you don't have one.

Step 3: Go to API Keys Section

- After logging in, go to: <https://platform.openai.com/account/api-keys>

Step 4: Create a New API Key

- Click the “+ Create new secret key” button.
- Give your key a name (optional), then click **Create**.
- Copy and **securely store** your API key — you won't be able to see it again.

Step 5: Your API key is ready to use.

Important Tips:

- Keep your key **private**—never share it or push it to GitHub.
- You can **delete or regenerate** keys anytime from the same page.
- Check your usage at: <https://platform.openai.com/account/usage>

Step-by-Step: Create a Groq API Key

Step 1: Go to Groq's Platform

- Visit: <https://console.groq.com>

Step 2: Sign up or Log in

- Click “**Log In**” if you already have a Groq account.
- Click “**Sign Up**” to create a new account using Google, GitHub, or email.

Step 3: Go to API Keys Section

- Once logged in, Navigate to the API Keys tab on the left sidebar Or directly visit: <https://console.groq.com/keys>

Step 4: Create a New API Key

- Click the “**Create API Key**” button.
- Give it a name/label (e.g., “My Nexus Key”).
- Click “**Create**”.

Step 5: Copy and Store the API Key

- After creation, **copy** the key and **store** it securely (you won't be able to see it again).

Step 6: Your API key is ready to use.

Important Tips:

- Keep your key **private**—never share it or push it to GitHub.
- You can **delete or regenerate** keys anytime from the same page.
